THE ONLINE PEOPLES' VOTE

Last year, the Online Peoples' Vote virtually rocketed, with over 67,000 votes cast across the various businesses in the competition.

In 2020, Project Stealth Tech was fast-tracked through to the final, receiving the benefit of the Bootcamp stage mentoring in preparation for pitching alongside the other category finalists for the grand prize.

At 12 noon on Monday 20th September entries will be publicly revealed and open for votes. Share your pitch amongst your community and encourage them to vote to be in with the chance of being fast-tracked for a guaranteed place in the 2-day exclusive Bootcamp and the Grand Final in November 2021.

All pitches submitted are eligible to be fast tracked, regardless of the categories they are applying for. The pitch with the highest number of votes wins the place to compete at the grand final in November.

THE JUDGING CRITERIA

We realise that there is a lot to fit into 60 seconds. The purpose of the Tata Varsity Pitch Competition is to provide a platform to effectively communicate your business in precisely 60 seconds.

INNOVATION

Tell us how your business idea will innovate in its field. Are you shaking up an existing product, service or product with a new approach? What is your unique selling point (USP)? How do you differ from competitors and why is your business innovative?

MARKET OPPORTUNITY

Have you clearly defined your market? Have you considered competitors and how to deal with them? What is your opportunity for growth?

FINANCIAL VIABILITY

Tell us how your business idea will be financially sustainable in the near future? Have you considered how the business will generate income? How do you see this business viable in the future?

YOUR COMMITMENT

If you successfully wow our external judges and go through to the next stage of the event, we need to ensure that you will be available for each part of the competition going forward.

Attendance at events

As an applicant of the Tata Varsity Pitch Competition 2021, we expect either yourself or a co-founder of your business to be in attendance at all stages of the competition. Any applicants who are unable to have a team member present at the Semi-Finals, Bootcamp and Grand-Final, will sadly not be eligible to be taken forward and will be replaced in the competition.

In light of the ongoing health situation, we are following government guidelines in regard to COVID-19 and potential implications in regards to hosting a physical event.

In the event that circumstances do not allow for social gatherings, we will make provisions for the Grand Final event of the competition to be hosted virtually. Watch this space for further updates.
